---

Updated: August 27, 2015

These trainers are located throughout the state and are ready and willing to answer your questions. They are available to conduct SD-STARS trainings for your school or district to help educators make the most out of SD-STARS. Trainers have been trained by DOE staff on the SD-STARS system and are kept up-to-date on system developments and new reports. Districts can contact the trainer directly to request a training either at a cost to the district or as a part of their state-supported professional development.
